A Walk Back in Time is an eco-sustainable tourist experience in which you will have the opportunity to delve into the traditions, uses and customs of our elders.

Afterwards, we will collect aromatic plants and make a cosmetic or medicinal product. We will observe the stars and the next day you will discover the immense heritage of Biel.

You can do this all year round, upon request, and it is aimed at families, school groups and children's tourism.

## **3** DO YOU WANT TO BE A SHEPHERD FOR ONE DAY?

Villarroya de los Pinares, Teruel

#### Rural Safari through Villarroya de los Pinares.

We are shepherds and we want to show the work and dedication that is needed to take care of the sheep and all the animals that live in the 108 hectares of the Masía de los Baños (sheep, goats, cows, horses, chickens, mules, donkeys, turkeys, rabbits).

As you enter the estate, the animals will come out to meet you. We will feed them, touch them, collect their eggs and learn about their habits.

During the breeding season, we will bottle-feed the lambs and, if we are lucky, we will see them being born. A wonderful experience for both adults and children.
